- Camp Shelby, Mississippi - upon promotion to Sergeant in February 2014

RCU (Relativity Certified User)

- Chicago, IL

eDiscovery Executive

- Chicago, IL

SUMMARY

A highly motivated problem solver whose love affair with technology started while in the military. Influenced by a love for design, I naturally found myself obsessed with web and software engineering.

EMPLOYMENT

Relativity Chicago, IL – August 2020 – Present:

Fellowship

- Completing a 20-week professional development program at the internationally leading eDiscovery software provider Relativity.
- Selected as 1 of 12 Fellows in the inaugural cohort of Relativity's Fellowship Program, out of 320 applicants.
- Achieved the ACEDS eDiscovery Executive Certificate within a month of initiating the inaugural fellows' cohort.
- Achieved the Relativity Certified User certification (RCU) within four weeks. Currently, there are only 2,700 Relativity certified professionals around the world.
- Pursuing the Relativity Administrative User certification (RCA). Currently only 2,019 RCA's have been issued.
- Conducted agile and RAPID workflow principals with a small team of fellows to demonstrate and educate a key feature in Relativity's software called "Conceptual Analytics".

DMK Restaurant Group Chicago, IL – May 2018 to May 2019:

Graphic Designer

- Applied visual design utilizing Adobe's Creative Cloud Suite.
- Helped create marketing and graphic design content for the DMK Restaurant Group and Vornado Realty Trust.
- Customized creative content for Marshall's Landing private events team in the Merchandise Mart Chicago.
- Highest grossing events for Marshall's Landing.
 - STYLEMAX: 5000 annual attendees.
 - The Chicago Collective: 50,000 annual attendees.
 - Neocon: 50,000 annual attendees.
 - Design Chicago: 5,000 annual attendees.

Illinois Army National Guard

33rd Infantry Brigade Combat Team HHC 1/178 Infantry
Chicago, IL – December 2010 to December 2016:

Fire Support Specialist Sergeant

MOS: 13Foxtrot – Forward Observer, United States Field Artillery.

- Elaborated my expertise with training on military software and technology.
- Expertise in operation and maintaining confidential technology for the United States Army.
- My section was the first to establish complete digital integration into the entire United States Field Artillery call for fire procedure.
- Responsible for the well-being, equipment and training of 5 to 25 soldiers.
- Expertise in achieving team objectives, communication, and training.
- Organic asset to any forward operating element in the United States Military.

PROJECTS

CarPal *letscarpal.com*

- Helped build a socially focused, ride sharing, carpooling app. Utilized JavaScript, React, Redux, Axios, React-Router, Node.js, Express, JWT, MapBox, Jest.
- Worked with eight developers remotely. It was a 4 month build following Test Driven Development and agile principles.
- The team planned release cycles based on user research, surveys, establishing user flow and creating wire frames.
- Creator of the visual identity (UI/UX) of the application.
